BARBARIAN STONER DOOM | MOSCOW

DEBUT EP DOPE DRUID | 17 DEC 2025

konungband.bandcamp.com

SLOW RIFF. HEAVY CULT.

KONUNG is a Moscow stoner-doom power trio: low tuning, swamp-thick fuzz and tales of druids, beasts and blood-soaked kings.

The band emerged from the project VARVARS and was reborn as a classic power trio after a line-up change. Debut EP Dope Druid became a statement of intent: stripped-back arrangements, colossal riffs, saturated fuzz and ritual pressure.

Material for the first full-length album is complete. Studio sessions are scheduled for early September 2026.
